Niagara Falls

Scarborough

A black and white photograph of a park area. In the foreground, large, dark, 3D block letters spell out 'YALP' on concrete bases. The ground is covered with fallen leaves. In the background, there are several white tents, a metal staircase, and a tall light pole. The sky is overcast.

**TWO-HEADED  
PUPPET**

The two-headed dog is a chimeric animal with two heads on one body. It is a rare occurrence and is often found in the offspring of dogs that have been bred together. The two heads are usually of the same sex and are joined at the neck. The dog is usually healthy and lives a normal life.
