

A photograph of a construction site. In the foreground, there is a black and orange striped traffic barrel on the left and a yellow and white striped caution tape stretched across the road. In the middle ground, a black metal fence runs across the scene. Behind the fence, there are several wooden utility poles with wires. A worker in a blue shirt and yellow safety vest is visible near one of the poles. The background shows a building with a sign and some trees under a clear sky.
